Rebekah, President and Owner of Achieve Revenue Management, LLC has more than 20 years of coding, revenue cycle management, operations and training experience. She provides training and revenue cycle management services to federally qualified health centers, rural health clinics and medical practices and community health centers.

Previously, Rebekah worked for over a decade as a consultant with a national accounting firm and as the director of operations for management service organizations and hospital-owned multispecialty physician practices. She is experienced in consulting on professional revenue cycle analysis and enhancement, medical practice operations, patient flow redesign, business process improvement and development, staffing analysis and redesign, practice efficiency and productivity and educational sessions and training.

An avid speaker, Rebekah has frequently given lectures about operational improvements, revenue enhancements and billing topics at events hosted by state primary care associations and state chapters of the Healthcare Financial Management Association, American Health Information Management Association and the National Association of Community Health Centers.

She is a Certified Professional Coder® (CPC®) and Certified Professional Compliance Officer (CPCO™) through the American Academy of Professional Coders, a Certified Medical Practice Executive (CMPE) through the American College of Medical Practice Executives and certified in occupational health practice management through the National Association of Occupational Health Professionals.
